

Metco F4MB-XL Plasma Spray Gun Everything you love about the F4 ... And more!

What's new about the Metco F4MB-XL™?

- New more rugged design lasts longer without major maintenance
- New left and right water/power cable connectors prevent accidental polarity reversal
- New cable cover stands up to harsh spray conditions without cracking or melting

What's the same?

- Use your existing F4MB or F4HBS spray parameters without adjustment
- Tool center points and mounting hardware are identical to the F4MB and F4HBS
- Uses the same F4MB and F4HBS consumable gun components, injector holders and air jets

Choose your model

- F4MB-XL: Direct replacement for F4MB (180°)
- F4MB90-XL: Direct replacement for F4HBS (90°)

... And did we tell you about the new reduced price?
